April 4th 2003

**Subject: San Marco School Ground-Breaking**

Dear Mayor Beals and Councilmembers,  
President Eberhart and Members of the Board, MDUSD Staff,

Everyone in the OakHills / Bay Point Community is very proud this day that we are breaking ground for a new school in our neighborhood. The City of Pittsburg , Mount Diablo Unified School District and the Community have made this schools construction a certainty by working together.

The events that lead us to San Marco Elementary School's construction eventually set a positive trend for this fast growing area: A general plan by the City of Pittsburg that provides for school construction as it grows, MDUSD ready to seek the resources needed to fund and facilitate it and a vigilant and involved community to monitor and be active in the process.

So today together we happily dedicate and begin to build a school that this community's children will shape and enjoy for generations to come. Thank you all for making it possible.

Respectfully Submitted this 4<sup>th</sup> day of April 2003.
